engaging integrated and analytical east asia a new history provides a comprehensive history of the east asian

countries and addresses a diverse range of social economic and intellectual topics this accessible and richly illustrated book examines china japan korea and vietnam and includes coverage of the common people the environment and the experiences of women topics that are often neglected in other books market appropriate for anyone interested in the history of east asia 73 99350 7

drawing on work in a range of disciplines including history anthropology demography development environmental studies political studies health sociology and the arts this work approaches east asia from new perspectives the book looks at contemporary japan and korea and focuses on many facets of chinese culture artistic production economic development digital issues education and international collaboration

designed for the east asian history course these texts feature the latest scholarship on the region and offer a range of cultural political economic and intellectual history coverage is balanced among east asian regions with approximately 20 percent of the complete volume focused on korea an area that has become increasingly important in east asian courses and in world politics special attention is devoted to coverage of gender and material culture themes that are reinforced through the text s pedagogical features color inserts illustrate the rich artistic heritage of east asia and bolster the coverage of material culture

this text examines the implications of two strategic and economic transformations in the east asia region the demise of the soviet union and the emergence of new east asian economic powers that have transformed regional economic relations

security issues have traditionally been defined in military terms yet the post cold war security landscape contains numerous non military challenges to security in this 2001 analysis alan dupont argues that an emerging new class of non military threats has the potential to destabilize east asia and reverse decades of hard won economic and social

development he shows that these transnational shifts must be grasped and dealt with by governments and non government organizations both regionally and internationally if conflict is to be avoided transnational threats stem from overpopulation deforestation and pollution global warming unregulated population movements transnational crime virulent new strains of infectious diseases and other issues not previously associated with international security collectively they represent a new agenda and pose novel challenges for foreign and defence policy this highly informative compelling and authoritative book is essential reading for east asia specialists and makes a significant contribution to international security debates

the third edition of this ambitious book begins by asking what is east asia today many of the features that made the region distinct have been submerged under revolution politics or globalization yet in ancient times what we now think of as china korea japan and vietnam had both historical and cultural coherence thoroughly revised and updated to include recent developments in east asian politics with new illustrations and suggestions for further reading this book traces the story of east asia from the dawn of history to the modern age new discussion questions at the end of each chapter encourage readers to reflect while a glossary pronunciation guide and parallel timeline enable a closer engagement with this complex subject charles holcombe is an experienced and sure footed guide who encapsulates in a fast moving and colorful narrative the connections commonalities and differences of one of the most remarkable regions on earth

this new volume addresses the growing interest to understand tourism and hospitality in southeast and south asia two regions that have seen tremendous growth in international tourists in recent years it explores the current development of hospitality and tourism industry in the regions of hong kong macao and taiwan as well as other key countries in southeast and south asia the hospitality and tourism industry in asean and east asian destinations new growth trends and developments provides updated findings and case studies that highlight opportunities and issues of tourism and hospitality development in asean chapters cover such diverse topics as online marketing strategies

sustainable hospitality development diversification efforts of the tourism industry innovations in independent hotels wildlife tourism in urban destinations the vietnamese national park system consumers positive and negative images of certain destinations much more while academicians will benefit from the updated research findings summarized by the respected scholars hospitality professionals will also find the book a valuable source of information as the chapters delve into the most recent topical and industry focused issues

histories of east asia traditionally emphasize china and japan and neglect korea and vietnam essentially 20th century east asia is re written into the past as though china and japan was always the core of east asian development this is not at all how east asia developed chinese prehistoric cultures became historic in the 18th century b c japan was not part of east asia for over 2300 more years by studying periods of chinese unity and disunity and their effects on china s neighbors korea and vietnam a distinct culture zone east asia gradually emerged and slowly included japan the main elements of east asia cultural social political philosophical religious and linguistic were derived from china but the others were not minor replicas of china each was unique its people ethnically distinct from china and each other its native language and linguistic blend with chinese also unique korea and vietnam resisted chinese colonization but adopted and adapted advance chinese elements to their own needs emerging later japan underwent wholesale adoption of tang china s advances replicated in the 19th century when japan was the first east asian country to modernize spanning some thirty eight centuries from the 18th century b c to 2012 a d this diversity with common elements derived from china is a major theme of this work it is often overlooked by those who prefer general views based on surface impressions to more complex realities the former often lead to mistakes the latter become the basis for more sound understanding after all these four countries and people share the eastern end of the eurasian continent yet each country s geographic situation is also unique as the twenty first century continues to unfold this new approach to east asia should help to produce clearer and more accurate understanding of this important world region

how has economic development affected the process of democratization in southeast and east asia the contributions in this volume represent one of the first efforts to answer this question from the vantage of the region in this book scholars of southeast and east asian politics discuss the rise and fall or stabilization and modification of democracy amidst socio economic changes and class transformations in indonesia malaysia philippines singapore thailand myanmar taiwan and south korea the approach taken by the contributors gives a fine balance between democratization as a consequence of socio economic development and as a political ideological process

professor shaffer tells the story of the fabled islands of southeast asia from 300 b c by which time their inhabitants had learned to sail the monsoon winds to a d 1528 when islam became dominant in the region the story of maritime southeast asia world during this period makes fascinating reading and is of immense significance in world history

corporate loggers have damaged much of the tropical forest throughout the asia pacific over the last four decades despite a steady rise in global and local concern few firms have changed their practices loggers and degradation in the asia pacific examines why and how loggers have resisted and ignored calls for environmental reforms concentrating on the period after 1990 the book explains what is happening on the ground and highlights the structures within which firms and governments operate within this broader context the author considers a range of factors including the science of tropical forest management the capacity of states to regulate and enforce rules the relative power of environmental reformers and the 1997 9 asian financial crisis this is a constructive insightful approach to a depressing yet urgent problem it will be accessible to academic and student readers as well as those in corporations government and ngos

this comprehensive 2002 book is an overview of security issues in the asia pacific it is also an argument for a strategy that promises to achieve greater regional stability it argues that current approaches by policy makers increase the likelihood of conflict instead it proposes that a strategy of convergent security be adopted to build a more enduring

and peaceful regional security framework a concise survey of key approaches to regional security politics it presents a vast selection of empirical discussion both historical and current assessing the outlook for the three powers most likely to vie for regional dominance the united states china and japan the book also reviews the prospects for other secondary powers including korea and taiwan and analyses the role of australia and the asean nations of southeast asia unique accessible authoritative and broad ranging survey designed for a wide body of analysts and students of contemporary asian politics and strategy

this book provides readers with the first survey of social conditions since the opening of the borders between china and mainland southeast asia in the early 1990s which saw radical changes in the economic policies of the various states involved in particular china vietnam and laos each chapter provides a close up survey of a particular area and problem but cumulatively they provide an invaluable general picture of social and cultural change in the border regions where china meets southeast asia

the first edition of southeast asia an introductory history was published in 1979 and immediately filled a need for travellers and students interested in a tantalisingly different part of the world subsequent editions translated into japanese khmer korean and thai have continued to document with great perception the enormous changes and dramatic growth experienced in the region dr milton osborne has been a resident student and fascinated observer of southeast asia for over 50 years this familiarity has resulted in a highly readable and lively chronicle while giving due regard to the early history of the region osborne concentrates on the changes that have taken place since the eighteenth century the impact of colonial rule economic transformations of the 19th and 20th centuries the emergence and triumph of the independence movements the impact of social change and the pivotal roles played by religion ethnic minorities and immigrant groups he also provides an introduction to the art of the region and a comprehensive guide to literature about southeast asia clearly written and extensively illustrated this eleventh edition of southeast asia an introductory history remains a classic in the field while deepening our understanding of

southeast asia this fine introduction reminds us of the importance of history itself anthony milner basham professor of asian history australian national university

the asia pacific economic cooperation apec grouping is the first comprehensive economic arrangement to link countries from around the pacific rim since its establishment in 1989 apec has graduated from a ministerial level gathering of nine countries to an institution that stages annual summits has a permanent secretariat and whose twenty one members have committed themselves to establishing free trade in the region a decade after its foundation however members have been increasingly frustrated with the grouping s progress in this timely book john ravenhill examines the reasons for apec s establishment its evolution and the causes of its failures his conclusions address central questions in international relations about international collaboration and regionalism the book will interest all those concerned with broader questions about regional economic and political cooperation

cohen charts the course of cultural intellectual economic and political developments in east asia particularly china and japan from the beginning of recorded time to the present day and examines such events as the rise and fall of key dynasties the ascendance of the british empire and the development of democracy in asia

laos paul t cohen
